

November 7th 2023.

To All Licensee,

SYSTEM UPGRADE

The Insurance Council of Saskatchewan “ICS” has initiated a platform upgrade. Starting tonight at 5 PM, our website and your portals will experience a temporary downtime for a few hours to facilitate the installation of the upgrade.

Afterward, it is recommended to **clear your browser history** before accessing your portal and the website.

For any questions or concerns, or issues you may encounter after clearing your browser history, please reach out to Stephanie.Maxim@skcouncil.sk.ca. and kindly provide a screenshot and a brief description of your activity.

For general licensing inquiries, please direct your questions to info@skcouncil.sk.ca.

We greatly appreciate your understanding and patience during this transitional phase.

How you clear your browser:

At the top of your web page there are three dots click that

Then follow the instruction below:
